PROFESSIONAL SUMMARY

Full Stack Developer with **4+ years of full-time experience** and earlier part-time contracts in enterprise applications, e-commerce and healthcare. Specializes in Angular, TypeScript, Node.js, Express.js and MongoDB. Experience includes travel workflows for **2,500+ employees**, procurement for **200+ users**, and commerce handling **600+ monthly orders** and **INR 400,000+ in monthly sales**. Achieved a **93.75%** reduction in document loading time; experienced in SAP integrations, AWS deployment and production support.

TECHNICAL SKILLS

- **Languages:** TypeScript, JavaScript (ES6+), HTML5, CSS3
- **Frontend and Mobile:** Angular, RxJS, NgRx, React, Next.js, React Native, Expo, Tailwind CSS
- **Backend and Databases:** Node.js, Express.js, REST APIs, MongoDB, Mongoose, PostgreSQL, Firebase, Electron.js
- **Security and Integrations:** Single Sign-On (SSO), Role-Based Access Control (RBAC), OTP and Google authentication, SAP, TenderTiger, Razorpay, PayPal, Shiprocket, Zoho Books, eMudra
- **Cloud and DevOps:** AWS (EC2, S3, CloudFront), Docker, Linux, Shell Scripting, GitHub Actions, CI/CD, Apache, PM2, SSL/TLS, Git
- **Testing and Delivery:** Vitest, Supertest, Playwright, Jest, Unit Testing, API Testing, Debugging, Agile/Scrum, Code Reviews
- **AI-Assisted Development:** Claude Code, OpenAI Codex

PROFESSIONAL EXPERIENCE

MEAN Stack Developer | Shyam Future Tech Pvt. Ltd / Shyam Steel Industries Ltd | Kolkata

Mar 2024 - Oct 2026

Joined Shyam Future Tech Pvt. Ltd on 7 Mar 2024; transitioned to Shyam Steel Industries Ltd on 31 Oct 2025, continuing with the same product responsibilities through 31 Oct 2026.

- Architected **SFTNirman** for **200+ users** across **8 procurement workflows**; connected SAP and TenderTiger and created BIM/3D CAD design reviews with Node.js APIs.
- Reduced document loading time in **SFTDox** by **93.75%**, from **8 minutes to 30 seconds**; added dashboards, annotations and collaboration features.
- Launched SAP-integrated **SFTravelDesk** for **2,500+ employees** across **5 group companies**, covering travel approvals, expenses, advances, reimbursements and company-level reporting.
- Established **SFTVault** asset management in Next.js and **SFTWarehouse**, an Angular SSO platform; embedded a React AI-chatbot frontend into Angular-based **SFT Evolve HRMS**.
- Created an Angular/Node.js appraisal solution for Andrew Yule & Company and an Angular storefront for Scaffold Mart.

MEAN Stack Developer | Ivan Infotech Pvt. Ltd | Kolkata

Sep 2022 - Mar 2024

- Engineered Angular modules, Node.js REST APIs and MongoDB services for **CalGamesWanted**, a sports scheduling platform for coaches and athletic directors at California high schools.
- Designed **SignLix** document uploads, signer management, signing order, signature placement and tracking; integrated eMudra Aadhaar-based signing.
- Expanded **Vrasio** property search, filters and booking flows with Google Maps Place ID support; built an Electron.js desktop application with web data synchronization and reusable Angular components.

Full Stack Developer | Seabrin Logistics Pvt. Ltd | Sodpur

Feb 2021 - Aug 2022 | Part-time contract

- Delivered a MEAN-stack logistics platform for Kolkata-Assam freight operations, including vendor bidding and selection, trip tracking, and vehicle/trip contracts with daily cost calculations.

- Contributed to product administration and order workflows for an electronics e-commerce platform using Next.js and React.

Full Stack Developer | Healthy Hearing Pvt. Ltd | Barrackpore

Jan 2020 - Dec 2020 | Part-time contract

- Built audiometry reporting software using Angular, Node.js, Express.js and MongoDB, with role-based access for administrators and audiologists.
- Cut report preparation time from **10-15 minutes to 2-3 minutes** through automated audiogram plotting, pure-tone average calculations and report recommendations.

FREELANCE PROJECTS

Selected part-time freelance engagements. Actively use **Claude Code** and **OpenAI Codex** to accelerate implementation and reduce development time.

ELEXIFY | Multichannel E-commerce Platform

Jul 2024 - Present | Freelance, part-time | Next.js, Angular, Node.js, MongoDB, React Native, Expo, AWS

Website: https://elexify.online/

Android app: https://play.google.com/store/apps/details?id=com.elexify

- Shipped a storefront, admin panel and REST API handling **600+ monthly orders** and supporting **INR 400,000+ in monthly sales**; released a React Native/Expo Android app on Google Play.
- Coordinated MongoDB transactions, atomic stock updates and reservation lifecycles with idempotent checkout and payment finalization for concurrent orders and repeated callbacks.
- Connected Razorpay payments, partial cash on delivery (COD), returns/refunds, Shiprocket, GST invoicing and Zoho Books; enforced RBAC with **approximately 170 permissions** and audit logging.
- Authored Vitest/Supertest API and integration tests for checkout concurrency, stock and payment reconciliation; covered checkout/returns with Playwright and mobile features with Jest.
- Automated cart recovery and notifications; deployed on AWS EC2 with PM2, Apache and SSL. Configured S3 storage, CloudFront delivery, analytics and GitHub Actions build/test workflows.

Rudraksha Valley | Customizable E-commerce Platform

Freelance, part-time | Next.js, Angular, Node.js, Express.js, MongoDB, AWS S3

Website: https://rudrakshavalley.com/

- Extended the storefront and admin panel with catalog, product variants, inventory, orders and CMS workflows backed by Express.js APIs and MongoDB.
- Created a mala builder with bead selection, quantity validation and calculated pricing; enabled multiple currencies through GeoIP detection and exchange-rate conversion.
- Unified checkout across 2 payment gateways (Razorpay and PayPal); automated Shiprocket shipment updates and preserved guest carts/wishlists after OTP authentication.
- Published Google Merchant Center feeds, sitemaps and structured data; configured GA4 e-commerce events, S3 image optimization, Vitest/Supertest tests and GitHub Actions CI.

CURRENT PLATFORM SCALE

Logistics and audiometry systems from earlier employment; Nov 2026 dashboard totals extend beyond those roles.

- **Seabrin LMS**: **5,716 trips**, **30,538 fixed-trip records** and **355 vendors**.
- **Healthy Hearing**: **7,766 patient records** across **2 centers** with **5 audiologists**.

EDUCATION

B.Tech, Information Technology | Kalyani Government Engineering College | 2019 - 2022 | CGPA: 8.74

Diploma, Electronics and Telecommunication Engineering | Contai Polytechnic | 2016 - 2019 | CGPA: 8.0

AVAILABILITY

Available to join immediately. Open to remote and hybrid roles in Kolkata, Bengaluru, Hyderabad, Pune and NCR.
